

OAKINGTON GARDEN SOCIETY

Oakington Garden Society has been in existence now for around thirty-five years, initially affiliated to the Royal Horticultural Society, which enabled us to have various outings per year, declining numbers combined with an increase in family transport has meant that we are no longer able to support coach trips.

Under normal circumstances our monthly meetings are held at the Church Hall, we have a variety of interesting talks, an annual plant sale and, where possible visit to a local garden, mainly Cambridge Colleges who are generous in their support. Members are all seasoned gardeners and always willing to help and advise those new to gardening.

Due to the Covid-19 situation meetings are suspended until a revue in June 2021 most members and, for that matter, Speakers are of a 'certain age' and we wish to keep members safe until a suitable attainable situation is reached.

Please note that for the immediate future it is not acceptable to ask for the Garden Society discount when visiting the Oakington Garden Centre, this is only available on receipt of the Annual subscription.

We look forward to meeting again in September 2021.

Stay safe and take care.

Julie Grove, Tel. 23351.
